

LÂMINAS PARA FATIADOR DE FRIOS

PRODUTO NACIONAL

CATÁLOGO

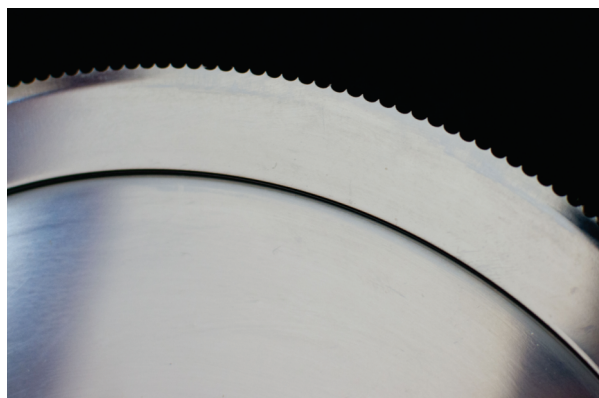

Linha de lâminas
GLADIATOR

Lâmina com afiação serrilhada.
Esse modelo de afiação foi desenvolvido
para garantir uma melhor durabilidade em
processos de corte de frios e derivados,
a qual diminua os intervalos de afiação.
Esse processo de afiação pode ser feito
em qualquer modelo de lamina,
Ficando a escolha do cliente.

O processo de reafiação
de sua lamina serrilhada a
STAR LÂMINAS faz para você.

Linha de lâminas
GLADIATOR *Top*

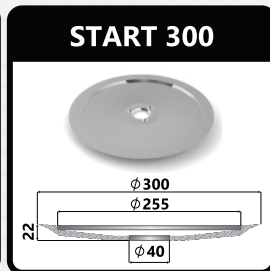

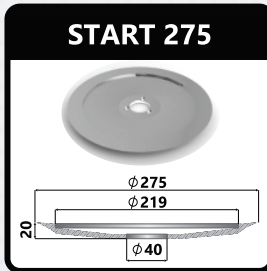

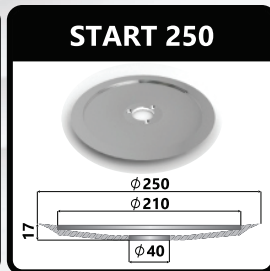

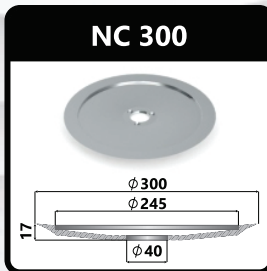

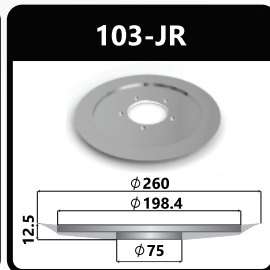

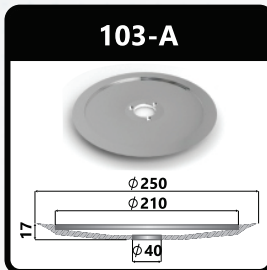

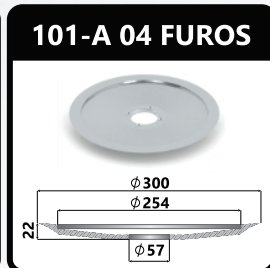

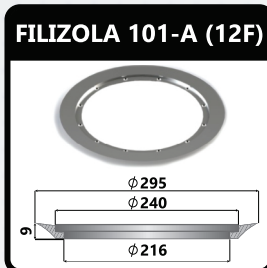

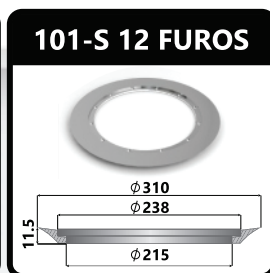

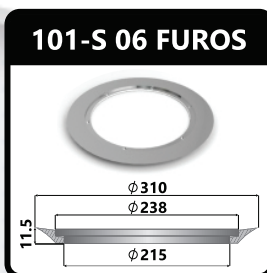

Linha de lâminas com afiação serrilhada
e com banho de
POLITETRAFLUOROETILENO PTFE (Teflon)
Aplicação desenvolvida tendo em vista aumentar
a eficiência nos cortes, pois diminua o atrito dos
frios ou derivados com a lâmina.
Melhorando a vida útil das peças de sua fatiadora.

O processo **GLADIATOR TOP**, pode ser aplicado a
qualquer modelo de lâmina, ficando a escolha do cliente.
